

CHRISTIANS UNITE FOR WORLD WORK

Dr. NEHEMIAH ROYNTON, former moderator of the national council, and a foremost leader of Christian unity, after a recent tour of Europe, said a most discouraging feature of the after-war recovery there is the expression and persecution of peoples because of religious beliefs. Sometimes this persecution is directed at Roman Catholics, sometimes Protestants and Baptists, and always the Jews. The hatred apparent everywhere can hardly be believed, according to Dr. Roynton, when it is taken into account that those who show it claim to be followers of Jesus Christ.

A boy-fol feature, however, is the coming together in Europe of Christian leaders of the world, and expressing in convention the united denunciation that conditions must be made better, and that every man and woman must do his and her part to make them better. Never before have representatives of so many Christian faiths unitedly endorsed such lofty sentiments. It is Dr. Roynton's conviction that tangible results must follow.

War is still on. Something that astonished Dr. Roynton was the alarming hatred that obtains among peoples lately at war. He fears it is more bitter today than when fighting actually was on. Europe is one continent of hate, at least among the masses, and that hate is certainly not abating. Under such conditions outbreaks here and there must be looked for.

The wonder is there is not another general conflagration. The suffering of women and children, terrible in

the extreme, aggravates the hatred against those peoples charged with being the cause. However, in going to be long and tedious. The war is over, and yet it is not.

Bitter Feeling Expected.
The great international organizations for relief, based on Christian sentiment, are doing far more than to give out material things. They are the forces that must be relied upon in time to save Europe. And hence the help which the conventions of the past summer rendered, as showing endorsement for these world agencies. Here is a reopening of factories, and by which people are fed and clothed, they will have better feelings in their hearts soon.

CATHOLIC SCHOOLS GAIN IN ATTENDANCE.
Building conditions after the war presented Catholic priests from going ahead with plans for parochial schools. A result is that a very large number of rooms have had to be rented in various cities. Catholics report no lack of teachers, a large proportion of them male, and usually members of the Christian Brothers or similar teaching religious.

The number of children in Catholic parochial schools at the present time is approximately 1,300,000, or some 100,000 more than before the war. Chicago has 120,000 with 55,000 of the number in high schools and colleges; New York, 185,000; Philadelphia, 75,000; Boston, 75,000; New Orleans, 26,000; St. Paul, 25,000; Kansas City, 10,000; Los Angeles, 10,000, and San Francisco, 10,000. In the two last named cities congestion is being due to the large increases in population, and the impossibility of erecting buildings. There are 45,000 pupils on part time up to the opening of November. Reports show that scarcely a new parochial school is under construction at the moment, an almost unprecedented situation.

PRESBYTERIANS LEARN ABOUT NEW ADHERENTS.
Presbyterians in the United States are just now hearing from 1,000,000 other Presbyterians whom they hardly knew existed. The 4,000,000 of people whom the Versailles treaty set off from Hungary, and required to become Romanians, comprised at least 1,000,000 Presbyterians, some claim as many as 1,500,000, or quite as large body as Presbyterians of our own north. These people are in what used to be known as Transylvania

Sentence Sermons by El Paso Ministers

WHETHER it be class hatred, race prejudice or religious bigotry, makes no difference with the devil, so long as folks will quarrel about it, his purposes are well served. The principles of love and human brotherhood are at the heart of the gospel. These founded on the eternal rocks of righteousness and justice constitute the only security of human society. "God is no respecter of persons; But in every nation he that feareth Him, and worketh righteousness, is accepted with Him."—Rev. Milo Atkinson, First Christian church.

When an educational institution permits the exhibition of those forms of the dance which were born in the moral cess pools of the earth, in the name of esthetic culture and entertainment, it is false to its mission and a traitor to the heritage of the young.—Rev. Henry Van Valkenburgh, First Methodist church.

Dr. Frank Crane in one of his essays makes this statement: "Goodness is never feeble, never contemptible. It is the toughest, hardest, most forceful thing in man. Kindness is stronger than cruelty, love than hate, self-sacrifice than self-seeking, truth than lies." Kindness, truth, love, self-sacrifice, these are the very elements of true Christianity. Jesus exemplified them in his life and work. Let us follow his example.—Rev. W. S. Huggett, Highland Park Methodist church.

"Be thou faithful unto death." Is your allegiance to Christ expressed through your loyalty to the "church, which is his body"? The church is not only a means through which Jesus saves you, but the agency through which our love to Him and service to the world is expressed.—Rev. Watson M. Fairley, Westminster Presbyterian church.

Some measure a man by his physique; others by the convolutions of his brain; and again others by the size of his bank roll. But the Master estimated a man by his usefulness. He that is chiefest among you is the servant of all. He gave us the first law of the Kingdom of God namely service. In the past we have quibbled about the non-essentials of religion and forgot the fact that the chief purpose of man is to glorify his Maker in the service of his fellow man. "He is great of mind who helps other minds to noble thoughts; he is great of heart who floods the world with great affections; he is great of will who helps to shape a noble career. He is the greatest of all, said Jesus, who is the servant of all."—Rev. William Elfring, First Congregational church.

Text: "The Healing of Jarius' Daughter." This is a miracle. A miracle is not to be accounted for on the basis of reason. Nor is it contrary to reason. It simply is above reason. It is the work of God. If men could explain or fully understand it, it would not be a miracle. Christ healed, and they needed not a new healing. Christ accepted sickness and death as realities. He knew.—Rev. J. B. Grever, St. Paul's Lutheran church.

and of their number, extended into Judea-Pesth, there is one of the largest Presbyterian churches in the world. Now it is being required that these 1,000,000 or more Calvinists become members of the Church of Romania, which is Orthodox Greek Catholic, ritualistic and by no means Calvinistic. According to late advices, serious conditions obtain. And they are like other religious conditions that are beginning to disclose themselves as growing out of Versailles

treaty stipulations. According to the same reports, sufferings of these Presbyterians, from lack of food, fuel and clothing, are intense and likely to become more so this winter.

BAPTISTS TO ORGANIZE MORE CLUBS FOR MEN.
Baptists are to push from now on the organization of men's clubs in Baptist churches everywhere. They formed part of the World Brotherhood federation, which has just held

FASTER TIME PLANNED BY E. P. AND S. W.

Important changes in schedules which will put the service on the El Paso & Southwestern system back on its proper basis, are announced by Garrett King, general passenger agent, who resumed Thursday from Chicago and New York, where he has been attending the time-card conference of officials. Effective November 21, the Golden State Limited, running between Chicago and Los Angeles, will make the same time as the fast train over the Santa Fe, Chicago, Milwaukee & St. Paul, Union Pacific, a run of 48 hours instead of 72 1/2 as for the past few years.

The changes, as announced by King, include No. 4, which will leave Los Angeles at 6:15 a. m., leave El Paso at 12:30 p. m. and arrive in Chicago at 8:15 a. m.; No. 2 will leave Chicago at 8:25 p. m. and arrive in El Paso at 1:15 p. m. and arrive in Los Angeles at 4:25 p. m.

The Californian, No. 1 and 3, running between St. Louis and Los Angeles, will also run on a new schedule. About three hours will be saved between Los Angeles and El Paso. No. 2 will leave Los Angeles at 4:25 p. m. and arrive in El Paso at 1:15 p. m. Local trains are being added to serve for short stops at small stations. Not as for 5, which will run on the western division and Nos. 7 and 8 on the eastern. No. 2 leaves El Paso at 7:15 a. m. upon arrival of No. 1 and connects with the Southern Pacific No. 1 at Tucson. No. 6 will leave Tucson at 2:30 a. m. and arrive in El Paso at 12:30 p. m., making connections with the eastbound Golden State Limited, which leaves El Paso at 12:30 p. m.

By November 15, new equipment will be added to the through trains on the system. New observation, Pullman cars and two new steel sleeping cars will be added to each train. The latter having three smoking compartments, six sections, a drawing room and an observation and lounge. These announcements, which the public has been waiting for, said King, mean quicker and better and more convenient service for our patrons. The United States limited was the most popular train before the war and the new schedule and new equipment will put it back on its old running time and make of it an even greater convenience to the public.

A convention in Washington, to which 20 nations sent men who are participants on the subject of Christian principles to adjust war, labor and all allied differences. The Baptists have purchased a summer camp site in the Adirondacks and expect to take there next year 1000 young men, who will be asked to consider the Christian ministry, the missionary service, and other forms of life service. In Baptist churches of the north there are now 5000 organized groups of men, either men's clubs or Bible classes. The plan is to get such organization to promote brotherhood and thereby to help in strikes and strikes. The next meeting of the World Federation is to be held in Prague, there to assist as much as possible the new National Council of Czechoslovakia, and to promote brotherhood in the distracted regions of central Europe.

YE TOWNE GOSSIP

(Registered U. S. Patent Office.)

DEAR K. C. B.—I only wish to tell you that I am just at present not attached to any submarine, but am spending my 16 days vacation on dry land. I read your "trash." Since my travels back will take me through El Paso, I hope you will permit an interview and therefore a brief chat.

F. R.—I wasn't supposed to tell you this, but if you don't put the above blocks, have a heart!

MY DEAR FRED.

HERE WAS I

DEEP IN the throes

OF A mental conflict.

BETWEEN A desire.

TO HELP you out.

AND A deep desire.

TO PUNISH you.

FOR ADDING the line.

ABOUT THE potato.

WHICH YOU admit.

YOU SHOULDN'T have laid.

AND SO at last.

I COMPROMISED.

AND HELD your letter.

PAST TWO weeks.

I HAD this thing.

BECAUSE ONE time.

I MADE a bet.

WITH ANOTHER boy.

OF MY only knife.

THAT A girl I knew.

WOULD GO out with me.

IN OUR row boat.

IF I asked her to.

AND I sneaked around.

AND TOLD her about it.

AND THE next day.

COMING FROM school.

WITH THIS other boy.

I ASKED the girl.

AND SHE threw me down.

SO I WAS stunned.

AND I lost my knife.

AND IT served me right.

AND NOW I'm even.

AND IT serves you right.

AND YOU can tell me about it.

WHEN YOU come to town.

I THANK you.

RELICS FOUND IN SANTA

FE HOTEL EXCAVATION

Santa Fe, N. M., Nov. 12.—In excavating for the foundations of La Fonda, the new tourist hotel, at the end of the Santa Fe trail at the southeast corner of the Plaza, the workmen are finding relics of many days when La Fonda was the scene of thrilling episodes including assassinations and duels, wild gambles in which thousands of dollars would change hands in one night, and other events, some of which became historic.

Several of the more conspicuous finds which have been placed on exhibit in the museum are two silver pesos, one of Santa Fe, the reign of Charles IV, and the other of Mexico dated 1588 and having a liberty tree on its face. A badly rusted pistol of ancient make is also unique, as the metal barrel is encased in a horn like substance. It is huge compared with modern revolvers. A mortar is another object picked up by Foreman Daniels of the construction gang and almost hourly other finds are reported.

There are two women immigrants to every one man.

An Essex Advantage That All Acclaim

The distinction of performance which rates the moderate-priced Essex among the fine cars of the world is by no means confined to its greater speed, acceleration and hill-climbing ability.

Official proofs remove its supremacy in those qualities from debate. No car of its motor size ever matched them. Some of its marks were never equalled by any car, regardless of size, price or type.

Thus Essex Takes Rank With the Greatest Cars

Yet if one quality, more than another, causes men to link Essex in merit with the costly cars, it is its ease of motion, and elastic smoothness in action, which have no counterpart among light cars.

That is the enchantment Essex owners admit they value next to its reliability. Even long association they say does not dispel the impression of riding in a large car.

We know in all candidness that few men ever have call for such speed and power as Essex possesses. Yet no owner mistakes it for useless surplus. This excess ability is valued chiefly because it does the ordinary task without effort. And because men like to have capacity that can meet exceptional calls for power, speed and acceleration, with an ease and absence of strain that brings no concern as to its accomplishment.

The satisfaction and enthusiasm of nearly 50,000 owners contents us to leave the judgment of the Essex in their hands.
